Audit Procedure

The accounts and records of all town officials charged with the custody, receipt and disbursement of public funds were examined and audited in accordance with generally accepted auditing standards and accordingly included such tests of the accounting records and such other auditing procedures as were considered necessary in the circumstances.

Verification of uncollected and unredeemed taxes was made by mailing notices to delinquent taxpayers as indicated by the Tax Collector's records. Consequently, the amounts of uncollected and unredeemed taxes as indicated in this report are subject to any changes which may be necessitated by the return of verification notices.

General Comments

Overdraft of Appropriations and Application of Municipal Budget Law:

As indicated in Exhibit A-3, Comparative Statement of Appropriations and Expenditures, during 1975 budgetary expenditures exceeded total town appropriations and consequently resulted in a net appropriation overdraft of $9,074, computed as follows:

Overdraft of Budgetary Appropriations	$27,930

Unexpended Balances of Budgetary Appropriations	18,856
Net Overdraft of Budgetary Appropriations	$ 9,074

In towns operating under the provisions of the Municipal Budget Law, R.S.A. Chapter 32, Section 10-A, when it becomes necessary to expend money in excess of an appropriation which may result in an overexpenditure of the total amount appropriated for all purposes, the Selectmen, with the written approval of a majority of the budget committee, must apply to the Commissioner of Revenue Administration for authority to make such expenditure. This procedure was not followed by the Selectmen with regards to excess expenditures which contributed to the appropriation overdraft incurred in 1975.

Use of Unexpended Proceeds of Long-Term Notes and Application of R.S.A. 33:3-A:

It is noted that under Article 45 of the Town Warrant, the 1975 Town Meeting voted "to authorize the Selectmen to apply the unexpended balance of the town building appropriation in the amount of $4,420 to the town building renovation project."

The funds authorized for transfer under this article were actually unexpended proceeds of long-term notes issued under date of November 24, 1972 to defray the purchase price of the town building, the installation of a new boiler therein, and the costs of certain other improvements. The foregoing projects were all completed during the fiscal year ended December 31, 1972.

In connection with the disposition of unexpended proceeds of long-term notes, R.S.A. 33:3-A provides that if after long-term notes have been issued there remain proceeds thereof after completion of the project or projects for which the debt was authorized, a Town by a vote of two-thirds of the voters present and voting at an annual meeting may authorize the expenditures of the sum or sums on hand for any purpose for which long-term notes may be issued for an equal or longer period of time.

The minutes of the 1975 Town Meeting which were submitted to the auditors do not indicate that the motion to adopt Article 45, whereby the Selectmen were authorized to transfer the unexpended proceeds ($4,420) of the November 24, 1972 issue of long-term notes, obtained the required two-thirds of the votes cast.

Limitation on Powers of Towns to Raise and Appropriate Money:

The 1975 Town Meeting, under Article 14 of the Town Warrant, voted "to raise and appropriate the sum of $5,000 for snow removal from private driveways."

No statutory authority can be found in the New Hampshire Revised Statutes Annotated which allows municipalities to raise and appropriate money for this object of expense. Consequently, the vote of the 1975 Town Meeting in this regard was not proper.

It is recommended that such appropriations not be included or approved in any future annual or special town budget. In this regard, it must be stated that the power of Towns to raise and appropriate money is not absolute. Such power is derived solely from statutory provisions found in the Revised Statutes Annotated, which provisions restrict the power to appropriate to certain specified objects of expense and other necessary charges.

Conclusion:

The provisions of Chapter 71-A, Section 21, require that the auditors' summary of findings and recommendations (letter of transmittal) shall be published in the next annual report of the Town. Publication of the Exhibits contained in this audit report is optional at the discretion of the Board of Selectmen. This letter, however, must be published in its entirety.

We express our thanks to the officials of the Town of Lincoln for their assistance during the course of the audit.

Very truly yours,

Frederick E. Laplante, *Director*

CERTIFICATE OF AUDIT

This is to certify that we have examined and audited the accounts and records of the Town of Lincoln for the fiscal year ended December 31, 1975.

Our examination was made in accordance with generally accepted auditing standards and accordingly, included such tests of the accounting records and such other auditing procedures as were considered necessary in the circumstances.

In our opinion, the accompanying balance sheets and statements of sources of revenues and expenditures present fairly the financial position of the Town of Lincoln at December 31, 1975, and the results of its operations for the year then ended, in conformity with generally accepted accounting principles applicable to governmental entities, applied on a basis consistent with that of the preceding fiscal year.

Respectfully submitted,
